FEATURE

Sizes

001-3123 170 cm x 3 cm x 25 m (66 59/64" x 1 3/16" x 82')

001-3124 180 cm x 3 cm x 25 m (70 7/8" x 1 3/16" x 82')

MORE ANIMAL WELFARE AND LESS WORK

A high and stable milk yield requires forms of management that respect the animal. For the sleeping area, this means comfortable, non-slip and clean cubicles where cows like to spend more than half of the day in a relaxed position. This is gentle on the joints, relieves the strain on the hooves and thus increases animal welfare.

ADVANTAGES

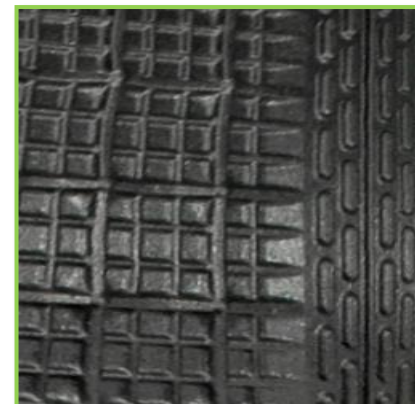

- KIM LONGLINE mattress mat in roll.
- Soft and sturdy, the flexible air cushion profile has a proven hammered surface.
- The gentle integrated slope into the rear edge promotes drying.
- Chamfer at rear edge is gentle on animal joints.
- Seals in the rear edge of the inner face minimize soiling.
- Easy to maintain and install.
- The assembly is very simple, the mat is fixed to the edge on the head side through the pre-marked and countersunk fixing points.
- 10 years limited warranty.
