## Features

### R2 synthetic twine

**Code** 079-3933  
**Length** 4 000 ft (1 219 m)  
**Color** Orange  
**Knot strength** 575 lbs  
**Number of spools** 1 spool  
**Spool weight** 22 lbs

### R1 synthetic twine

**Code** 079-3942  
**Length** 3 500 ft (1 066 m)  
**Couleur** Orange  
**Knot strength** 650 lbs  
**Number of spools** 1 spool  
**Spool weight** 22 lbs

## Advantages

- **Soft and strong** with extraordinary performance
- **Exceptional knot strength**, delivering continuous high performance
- Designed for extreme durability with a **high performance polymere**, UV stabilizers and consistency in manufacturing
- **Much softer and less abrasive** in comparative tests with competing twines without sacrificing key performance characteristics

R<sub>1</sub>

Designed for all types of crops, such as high density straw, hay and silage, in extreme baling conditions and temperatures.

R<sub>2</sub>

Designed for all types of crops, such as high density straw, hay and silage.
